**Louis Cadesky**

Each year we look forward to your visit to Louada, whether it be at the time of our annual sale or at any other time of the year. Since the first sale in 1955, the Louada sale has been a place where progressive Shorthorn breeders from all over the world would meet, renew friendships, and obtain seed stock to build the breed on all fronts.

The influence of Bapton Constructor remains strong in this offering. There are a number of direct sons and daughters, the get of such outstanding sons as Louada Bonaparte, that of his grandson Kinellar Royal Robin, to say nothing of the many out of Constructor daughters.

The cattle will speak for themselves, but I would like to add that we are very anxious to have you see Louada Rothes King, in our opinion, the greatest bull ever bred at Louada, and a bull that is scheduled for permanent stock bull duty here.

With Aberfeldy, Scotsdale, Ettrick, and Fralawn joining us, we feel that our combined efforts naturally result in added strength. Their cattle are excellent, are of strong heritage, and we recommend them to you highly.

It will be a pleasure to welcome you to Louada.

A handwritten signature in dark ink, appearing to read "L. Cadesky" with a stylized flourish at the end.

## SALE INFORMATION

Going East out of downtown Toronto take the new super-highway 401 through Bowmanville, then North and East on 115 to 28. Follow North a short distance on 28 to 7 and continue North on 7 to 7B. You need not go into Peterboro, but turn off Highway 7B on road to Bridgenorth. From here our farm signs will guide you through Ennismore and onto the farm. If you are traveling North of Toronto take Highway 7 and then proceed as outlined above. It is a little more than a two hour drive from Toronto to the farm.

### TIME AND PLACE

Monday, October 29, 1962. 12:30 p.m. Louada Farms, 20 miles north of Peterborough, Ontario. Approximately 90 miles from Toronto.

### LUNCH

A ladies church organization will have lunch available on sale day.

### TRANSPORTATION

From Toronto, the Canadian Pacific runs frequent trains. Toronto is reached easily by any means of transportation. If you wish to be met in Toronto, we will be happy to do so, but please notify us sufficiently in advance.

### HOTEL ACCOMMODATIONS

Sale headquarters will be the Tops Motel. Write to them directly mentioning you will be attending this sale, or write to Wilbur Donaldson, Mgr., Louada Farms, R 1 Peterborough, who will be glad to make reservations for you. If the Tops is filled we suggest the Rock Haven and Kawartha Motels. All three are excellent and all are located on Highway 28 south of Peterborough. We also recommend The Empress Hotel, Peterborough. Transportation from all these will be provided to and from the farm.

### AUCTIONEERS

Paul Good, Van Wert, Ohio. Bert Pepper, Seaforth, Ontario.

### GUARANTEE

All cattle will be sold under the Standard Guarantee endorsed by The American Shorthorn Association.

### HEALTH

All cattle will be sold under the laws of Ontario and will comply for entrance to the United States. Official calfhood vaccination of females is practiced in all herds and all of the herds selling are Accredited for T.B. and Certified for Brucellosis.

## TERMS

The terms of this sale are cash. Checks should be handed to the clerk immediately following the auction. Please be sure to have the clerk record your shipping instructions.

## LIABILITY

Louada Farms, and the other consignors, their owners or employees accept no liability for accidents that may occur. Accidents at cattle sales are very rare, but all attending must do so at their own risk. The sale manager, auctioneers, and clerks were employed by the owners for specific tasks promotional and clerical and have no connection with the handling of the cattle, the condition of the premises, fulfillment of guarantees, or health papers. The sale of each animal constitutes a contract between the buyer and seller of each lot.

## FARM PHONE

Herds Join In  
Presenting One  
Of The Strongest  
Offerings In  
Breed History.

From the Ettrick herd of Norman D. Hogg come these breedy entries to the 1962 Louada October Sale. Left to right, Scotsdale Molly Rosewood with her bull calf in foreground, Lot 50; Glastullich Princess Carmen, Lot 51; Ettrick Crocus Beauty, Lot 49; Ettrick Orange Flower, Lot 48; and Ettrick Connie Broadhooks, Lot 47.

The first son of a champion becomes a champion himself. Above is **Aberfeldy Deacon**, senior bull calf, Grand Champion Bull, 1962 Canadian National Exhibition. He is the first son of Aberfeldy Royal Robin, many times a champion. The service of Aberfeldy Royal Robin is a feature of the Gardhouse consignment. Presenting the trophy is True Buckmaster, Portland, Indiana, to Marshall McLaughlin, Aberfeldy herdsman.

### *Louada Farms*

**Louis Cadesky — W. W. Donaldson**

Eighteen lots. The nine bulls are all of Bapton Constructor lineage. There are direct sons; bulls by such sons as Louada Nugget and Louada Bonaparte; and by grandsons Kinellar Royal Robin and Bapton Brave Robin. A great group of imported and Louada-bred females featuring the service of Louada Roth's King.

### *Aberfeldy Farms*

**Reford W. Gardhouse — Milton, Ontario**

Seventeen lots. From the powerful show herd that swept the 1962 C.N.E. Fifteen females, two bulls. Sired by the strong Aberfeldy herd bull battery, thirteen of the females are either bred to or with breeding privilege to Aberfeldy Royal Robin, many times champion whose first son was the 1962 C.N.E. grand champion.

### *Scotsdale Farms*

**S. G. Bennett — Georgetown, Ontario**

This world famous herd is selling ten females, all of the lineage of Calrossie Prefect, Perth Supreme Champion, through such sons as the International Supreme Champion, Scotsdale Jupiter. Most of these beautiful females are well along in calf to Naemoor Escort, 1962 Perth Reserve Supreme Champion.

### *Ettrick Farms*

**Norman D. Hogg — Uxbridge, Ontario**

Six outstanding females. Four are by the \$10,000 Royal Winter Fair Supreme Champion, Scotsdale Marshal, out of imported cows, and two of the females are imported. Featuring the service of Louada Blockbuster, full brother to Louada Bonaparte.

**Bapton Constructor** as he looked at six years of age in Scotland.

No Louada catalog would be complete without a tribute to Bapton Constructor. This bull has been a legend since the day he was born and has been in the public eye since the day Louada paid \$50,000 to own him.

Not only did he live up to the great hopes all had for him, but he has established a powerful new dynasty in Shorthorns across the entire beef cattle world . . . the Argentine, Canada, United States, Great Britain, Australia. This has been done not only through his direct sons, but his grandsons, and great-grandsons.

Still only seven years old he has returned to Scotland and is being used at Bapton and Denend. His ownership is also shared with K C Farms, Kansas City, Missouri; and Maclyn Plantation, Albany, Georgia.

We believe this to be the greatest bull ever on Louada Farms.

He is owned in partnership with Leonard Buck, Allwood Plantation, Thomasville, Georgia. Many of the Louada sale females are in calf to him and a large number of our best brood cows are bred to him.

Be sure to see the outstanding 1962 bull calf by Bapton Constructor out of the dam of Louada Rothes King.

Louada Rothes King has a stock bull's head, tremendous depth, substance and great width from end to end.

## LOUADA ROTHES KING

is a son of the \$30,000 Louada Bonaparte, the bull that was exported to the Argentine, and who sired the first prize calf group at Palermo this year.

The dam of Louada Rothes King is Saltoun Rothes Queen 27th by Tolquhon Pole Star.

Granddam: Saltoun Rothes Queen 8th by Chapelton Royalist.

3rd dam: Saltoun Rothes Queen 4th by Pittodrie Landmark.

## THREE VIEWS OF LOUADA ROTHES KING

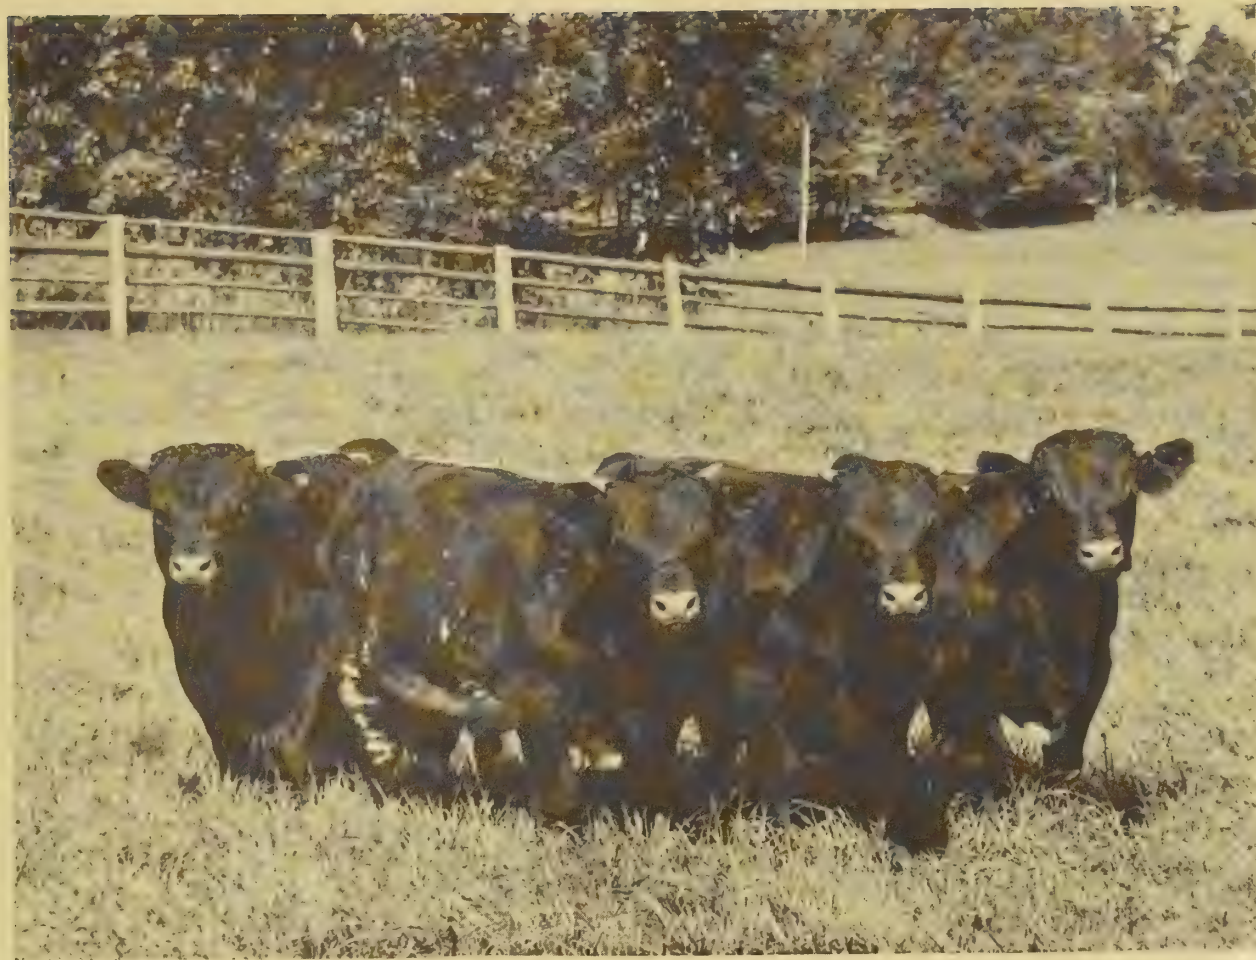

Note the great head, eye and muzzle . . the perfect balance of this bull . . . his short, sturdy legs placed correctly on each corner. Note, too, the great style and quality. All this plus great hindquarters and wonderful fleshing quality this young sire is passing on to his sons and daughters.

**KINELLAR ROYAL ROBIN**

Unretouched photograph taken in May, 1960, at seventeen months of age.

It is always difficult to say what is the best breeding bull in the history of a herd like Louada, but it is an obvious fact to all that many of the best calves ever dropped at Louada are by Kinellar Royal Robin. His get are most uniform. We plan to sell very few daughters, but are offering in this sale a grand group of his sons.

The three young bulls on the left are three of the first sons of Kinellar Royal Robin. They were sold in the 1961 Louada October sale. The bull on the extreme right is Louada Rothes King. Photograph taken in August, 1961.

Amateur unretouched snapshot of **Glen Cove Climax** at six months of age.

## MORE POWER

With a great stock bull such as Bapton Constructor it is only natural that Louada would want to perpetuate as much of this blood as possible. At the same time, we recognize the importance of bringing in the necessary outcross through the dam's side of the pedigree, tracing to the right kind of cattle.

This summer we purchased the young bull Glen Cove Climax from Worden Bros., Windsor, New York, who had acquired him through the purchase of the entire Hi-Ho herd.

Louada Rothes King, Kinellar Royal Robin, and Glen Cove Climax are all grandsons of Bapton Constructor but all are complete outcrosses on the dam's side. They are sired by three different sons of Bapton Constructor.

## GLEN COVE CLIMAX

**Sire:** Louada Nugget. A one third interest in this son of Bapton Constructor was sold by Worden Bros., Windsor, New York, this year to K C Farms, Kansas City, Missouri for \$12,000.

**Dam:** Greenwood Clara 4th by Uppermill Wanderer.

**Granddam:** Cluny Clara 24th by Cruggleton Godwin.

**3rd Dam:** Cluny Clara 16th by Calrossie Souvenir.

# FOR LOUADA'S FUTURE

At the 1962 Perth sale, Louada Farms, in partnership with the Bapton and Denend herd in Scotland, bought the 1962 Perth Supreme Champion, Glamis Benefactor. His show record so far this year is as follows:

Supreme Champion, Perth  
Supreme Champion, Highland  
Supreme Champion, Royal  
Supreme Champion, Great Yorkshire  
Supreme Champion, Turiff  
Supreme Champion, Keith  
Supreme Champion, Elgin

In other words, he has been the Supreme Champion wherever exhibited. This is the first time in history that a bull has won Perth, the Highland, and the English Royal all in one year. As a matter of fact it is not often the owner of a Perth champion will lay his record on the line by having him exhibited the same year.

Louada expects to bring Glamis Benefactor to Canada in 1963.

**Glamis Benefactor, 1962 Perth Supreme Champion.**

## THREE VIEWS OF LOUADA PAY DAY (Lot 1)

We consider Louada Pay Day one of the top young stock bull prospects of 1962. His sire, Bapton Brave Robin, has done a fine job at Bapton and Denend in Scotland and matured into a powerful bull weighing over a ton in breeding condition. Were we not so well fixed for young stock bulls Louada Pay Day would not be leaving Louada.

Louada Pay Day has  
a great head . . . thick  
from end to end . . .  
balance, style, the look  
of a stock bull.

**Aberfeldy Captivator, Lot 10.**

**ABERFELDY CAPTIVATOR** — A great stock bull prospect with the background to insure prepotency. We have bred several of our best females to him and reserve the right to use the frozen semen now in storage. Captivator has the ruggedness and size to easily make a ton bull and has the quality and character to go with it.

### **BAPTON CALVERT**

First prize winner, Perth, 1959.

**Sire:** Calrossie Constellation, undefeated bull of the year in Scotland, 1957, and also the sire of Bapton Constructor.

**Dam:** Phopachy Queen Antoinette. A very sweet dark roan daughter of Phopachy Great Event purchased by Bapton from Jean MacGillivray for a high figure. From the great MacGillivray Queen of Rothes family.

The first and second crops of calves by Bapton Calvert were key members of the Aberfeldy show herd that swept the C.N.E. in 1961 and 1962.

**ABERFELDY DIADEM**—Placed second at the recent C.N.E. in the junior yearling class. He is very sound and correct in his conformation, standing on rugged, strong legs. In many ways very similar to his grandsire, Tolquhon Bosco.

*and now . . .  
the females.*

Each year Louada sells a select group of females in this sale. The record these have made in the hands of customers is there for all to see. In many instances the calves in dam have actually more than paid for the cow.

Louada prefers to sell in this draft a number of young, proven cows well along in calf or with calves at foot. These work out well for customers.

Of the eight cows shown in the picture at right, all but two sell in this sale. Left to right, *Louada Broadhooks Aileen*; *Denend Bridesmaid*; *Louada Augusta Aileen 2nd*, not selling; *Calrossie Flossy Fortuna*; *Louada Roths Wren*, not selling; *Denend Muriel Wimple*; *Louada Bright Fay*; and *Louada Roma Rosewood*.

This promising young bull, **Louada Achievement**, has been earmarked for herd duty at Louada. He is by Kinellar Royal Robin. His dam is Louada Augusta Queen 2nd by Bapton Constructor.

LOUADA BRIGHT FAY—A good strong young female by Constructor. This will be the last opportunity to buy Constructor daughters. Her dam was one of the best cows ever to leave Scotland. The first calf produced by Bright Belle was junior champion at the Highland Show in Scotland. Due to calve to Kinellar Royal Robin about sale time.

**DENEND BRIDESMAID**—A young imported heifer from an old family that was a favorite at Collynie. Served Feb. 24 to Kinellar Royal Robin.

The 1962 Aberfeldy show string swept the recent Canadian National Exhibition.

## THE ABERFELDY FEMALES

For the past decade Reford Gadrhouse held a sale nearly every year. It was one of the feature events of the breed. The establishment of the Louada October sale has taken the place of his annual sale and has made it possible for him to select the best fifteen or twenty females on the farm and point them to this event. These cattle and their pedigrees will speak for themselves. Of great importance will be the service of Aberfeldy Royal Robin, whose first calf was the Grand Champion Bull of the 1962 C.N.E.

# ABERFELDY ROYAL ROBIN

*A great champion . . . and  
his First Calf is a champion!*

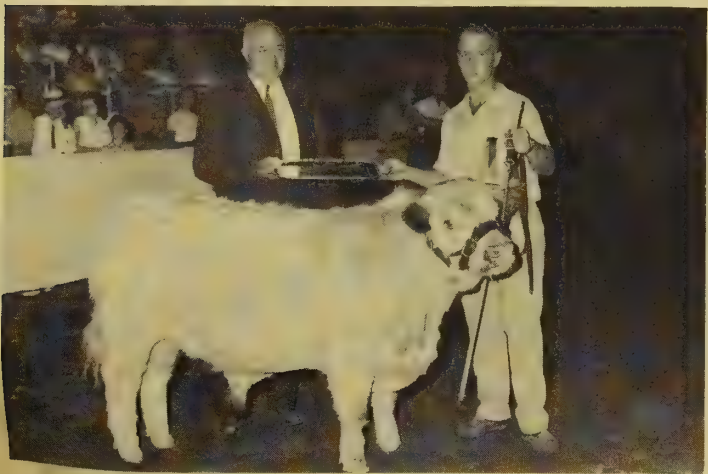

Aberfeldy Royal Robin is one of the greatest beef bulls in service today . . . in any breed. Since the day he was dropped he has been admired by all visitors to the Gardhouse farm.

What is most important to the breed is that this great bull, showing this year as a two year old, already has proven his ability to transmit his superlative characteristics to his calves. At the 1962 Canadian National Exhibition, the first son of Aberfeldy Royal Robin, Aberfeldy Deacon, a senior calf, was the grand Champion. Paired with other Royal Robin calves, Aberfeldy went on to win the get with these youngsters, as well as the calf group, Breeders' herd, etc.

Thirteen of the fifteen females in the Gardhouse consignment are either bred to Aberfeldy Royal Robin or sell with breeding privileges to him.

Above, Aberfeldy Royal Robin. Below, his first son, Aberfeldy Deacon, Grand Champion Bull, 1962 C.N.E.

Carolyn Gardhouse in front of the home at Aberfeldy with two typical females from a past Aberfeldy sale.

**ABERFELDY AUGUSTA DIANA**—13 of the 14 animals in this pedigree are MacGillivray bred. The other one, bred by Bapton, was a Perth class winner. It would be difficult to find an animal with more outstanding blood in the background. Sells bred to Aberfeldy Captivator.

**Aberfeldy Clipper Melanie** by Bapton Calvert is typical of the high quality females sold by Aberfeldy. She was purchased in the 1961 sale by Kickapoo Farms, Kenosha, Wis., for \$1,500.

**ABERFELDY BELLE 5th**—A heifer with tremendous substance so typical of the Welfare daughters. Glenrobin Belle 22J and her dam won many first prizes and championships for W. L. Robinson before being purchased for Aberfeldy. Bred to Aberfeldy Royal Robin, May 31st.

## THE ETTRICK HERD

Owned by Norman D. Hogg, Uxbridge, Ontario, is again bringing forth a strong offering. In line with their plan of selling foundation cows after they have produced daughters to go back into the herd, they are this year offering two outstanding brood cows. Four heifers sired by Scotsdale Marshal out of imported females are also entered.

These will all be bred to Louada Blockbuster, the full brother to Louada Bonaparte that is doing such a great job in the Argentine for Sr. Charles Duggan. At three

years of age Louada Blockbuster weighed 1975 pounds in breeding condition. His first heifer calf, Ettrick Lassie Pauline, was first prize senior heifer calf and Reserve Junior Champion at the 1962 C.N.E.

Scotsdale Marshal, the senior herd sire, was Supreme Champion Shorthorn at the 1955 Royal Winter. He was purchased at the 1958 International Shorthorn Sale in Chicago, was the top priced bull sold in the United States in 1958 at a price which has not been equalled at auction since then. He is a ton bull in breeding condition.

The pedigrees of these two outstanding bulls form a blend of the most potent breeding in the breed today.

**Ettrick Lassie Pauline.** Reserve Junior Champion, 1962 C.N.E. She is Louada Blockbuster's first daughter. Donald MacTavish of Ettrick Farms is shown receiving trophy for champion heifer calf in the Ontario Shorthorn Club junior members class.

## **FRALAWN**

Ernie and Jack Fray, Fralawn, Farms, Owen Sound, Ontario, consigned two of the nicest females in last year's Louada October sale. Although they would prefer not to spare any top females at this time, we did persuade them to enter one in order to continue to participate in this sale.

Several years ago they purchased from Louada the great stock bull, Louada Regalia, then a yearling. After using him for two seasons they sold him to the Browns of Kentucky. Last year they purchased from Bapton in Scotland the well known tried sire, Glastulich Garrison, a bull that originally cost Bapton \$22,500.

The Frays are sparing no effort in moving forward with their already well established breeding program.

*but the big story is . . .*

**the way Bapton Constructor sons are  
breeding on five continents . . .**

The first full string of Bapton Constructor sons were sold just four years ago in the 1958 Louada sale . . . just youngsters, senior and junior calves. Thus it has only been in the last year or so that mature cattle by most of these and other sons sold subsequently could reach the show and sale rings. The evidence is now mushrooming from all sides. Everywhere the blood of Bapton Constructor is riding at the top.

On these next few pages we are showing illustrations of some of the winnings. The complete story would be too long to attempt to reveal in this short synopsis. In addition, to those mentioned by photograph and caption we would like to point out that the year started at Denver with Billy Anderson having the champion and top seller at \$2700. His four sons of

Louada Aristocrat at the Denver sale averaged \$1,380. Next came the first Canadian International Bull Sale where the \$5,400 top was a Louada son of Bapton Constructor; the \$3,200 second top another Louada son of Bapton Constructor; and the \$2,300 third top was a Roslyn Flett bred son of Louada Augustus.

Down in Georgia in mid-February, the top selling female at \$1,000 was a Bapton Constructor daughter consigned by Smycolanda Plantation. The top selling female at Omaha was a Hanson bred daughter of Louada Royalist . . . and further west at Regina, Sask., J. T. and Ed Clark had the top of the Regina Bull Sale on a son of Louada Bright Fashion. At Brandon, Manitoba, in the summer show, John Esau had the champion on a Constructor grandson.

Through the midwest at the 1962 Illinois, Iowa, Kentucky, Wisconsin, and South Dakota State Sales, nine more championships and/or top sellings were racked up by Tom Garriott, Sherrill Parks, Billy Anderson, Larry Hanson, Louie Wernicke, and The Hickories on their sons and daughters of bulls purchased at Louada.

This was the first year for the All-American awards. Eleven of the 49 nominees were either bred at Louada, sired by Louada-bred bulls, or trace to sires used at Louada.

## TRAIN AND PLANE INFORMATION

### By air . . . Chicago to Toronto

Trans-Canada Airlines has about eight flights a day — each way — between Chicago and Toronto, leaving from O'Hare Airport.

### By air . . . from other points

In the eastern part of the country, there are direct flights to Toronto from New York and Cleveland. Excellent service also from the Canadian West and East.

### By rail . . .

You can take a sleeper out of Chicago to Toronto and return the same way. Trains generally leave Chicago about 8 p.m. and arrive in Toronto around 9 a.m. The train from Toronto for Chicago leaves about 10 p.m.

### By automobile . . .

The present super-highway system makes the drive a good deal easier than ever before. We would like to point out, however, that the cost of a round trip airline ticket from Chicago-Toronto is only about \$55. Rail about the same. It is difficult to beat this traveling by car.

### By rail . . . Toronto-Peterborough

There is good service but with Daylight time ending there will be changes in schedules and we shall not attempt to give you times here. If you have traveled to Toronto by train and find that you can make a good connection on to Peterborough, it will probably be best for you to do so because it is a fast train. However, if you are to encounter a long delay, we would prefer that you call the farm (Buckhorn, Ont. OL 78792) and we will arrange to pick you up with others coming from the airport. Coming back from Peterborough to Toronto there are generally trains at times

that will enable you to make your connections, but in the event you cannot find a convenient connection we will see to it you have transportation to Toronto.

### Meeting you in Toronto

We will be happy to meet your plane. It is about a two hour drive to the farm. Try to arrive early enough so you won't miss the affair at the farm Sunday afternoon and evening. **Please advise us in advance of your arrival time. Then you should report to the flight information desk Trans-Canada Airlines.** A representative of Louada will be nearby. If you miss connections call the farm at Buckhorn, Ontario, Oliver 78792.

If you are coming by train, you may find it just as convenient to continue by train from Toronto to Peterborough. However, if this doesn't work out call the farm and we will include you in the cars coming from the airport.

Cars will also be going back to the airport after the sale.

### Cars from Peterborough

If you are without transportation upon arriving in Peterborough, contact the farm. On sale day cars will leave from the motel area at approximately 8:30 a.m. and 9:00 a.m.

**All train and plane information given here is approximate. Be sure to check with your ticket agent for exact times. Because schedules change we cannot quote exact times.**

*We urge you NOT to make your connections so close that you arrive in Toronto Monday morning.*

*Be Sure To Arrive On Sunday*

*Sunday . . . the day before the Louada sale is the day we set aside to enjoy your company. It is filled with the kind of relaxation you enjoy the most. Roam the pastures, view the sale cattle, and join your friends in the evening at the lodge for a buffet dinner.*

**Louada Regalia**, 1958 International Reserve Junior Champion by Bapton Constructor, now herd sire for Browns of Kentucky.

After 16 years of traveling as a fieldman, I have come to the conclusion that it is the old seemingly worn-out theories that prevail. If one breeds for the best quality he can achieve, presents them properly, does a good job of promoting them, there will always be a solid market for what he has to sell. I say this after observing periods of high and low beef prices. During low periods it is the good one that holds its value, because it is still a rare item.

Three of the contributors to this sale . . . Louada, Aberfeldy, and Scotsdale . . . have sold cattle at premium prices and a good herd averages every year in the past decade. What better security can a beef cattle operator look for than to blend bloodlines for which there is a strong market at all times.

No single herd owner can control the price of beef, but every breeder can do something about improving the kind he is raising. When one considers the value of the calves at foot or in dam, the net investment required to secure foundation females from this sale is within the reach of every practical cattleman.

**THE U.S. DOLLAR IS AT A  
PREMIUM IN CANADA —**

"The U.S. dollar is worth substantially more in Canada because of present currency valuations. The actual amount of premium paid for U.S. funds will be announced sale day, but you can figure that the American dollar will be worth about \$1.08 in Canada. In most cases this will be more than enough to pay for the cost of transporting the cattle to their new homes."

Beautiful daughters of Bapton Constructor.
